# What is CodeRED?

The Village of Barnesville, through Belmont County 911, is using CodeRED, a high-speed mass notification system to keep you safe and informed in the event of an emergency. The system allows us to deliver emergency, and non-emergency, messages to you via phone call to your landline or mobile device and through text and email. You will know you have received a CodeRED alert when the number **866-419-5000 (Emergency Notification)** or **855-969-4636 (General Notification)** or **800-566-9780 (Weather Warnings)** appears on your caller ID. If you missed any message details, you can dial the toll-free number back, as many times as needed.
