UNDERSPEED MOTOR VEHICLE INFORMATION PACKET

An underspeed motor vehicle is described as a four-wheeled vehicle, other than a truck, that is either originally designed and constructed with a top attainable speed of 20 MPH or less, or is not originally designed and constructed for operation on a street or highway. Most golf carts fall under this description and therefore are considered an underspeed motor vehicle.

There are several requirements that must be met in order to legally operate an underspeed motor vehicle on the roadways of the Village of Barnesville. Included in this information packet is a copy of the Barnesville Police Department's Inspection Certificate for underspeed motor vehicles so you can make sure your underspeed motor vehicle meets the requirements before scheduling your inspection.

Here are the steps you will need to complete in order to certify your underspeed vehicle for operation on the public roadways:

1. First, you will need to go to the Barnesville Police Department located at 132 North Arch Street, Barnesville, Ohio, and pay your inspection fees of \$50.00 per inspection. If your underspeed motor vehicle fails an inspection, the inspection fee will be charged on all subsequent inspections.
2. Next, someone from the Barnesville Police Department will contact you to schedule a time to inspect your underspeed motor vehicle. This is the first step in legalizing your underspeed motor vehicle for operation on a roadway. Written documentation showing State Minimum Liability Insurance coverage on the underspeed vehicle must be shown at the time of the inspection. Once all inspection requirements have been met, you will be given an Inspection Certificate to take to the Title Office in St. Clairsville, Ohio. Inspection will be in accordance with Section 4501.2-01 Ohio Administrative Code.
3. Next, you will take your Inspection Certificate, Proof of Insurance, and Proof of Ownership to the Title Office. Once they have Verified that everything is in order, they will issue you a Certificate of title.
4. Finally, you will need to take the above items to a Deputy Registrar where they will verify you have completed the above steps and then you will be issued the license plates for your underspeed motor vehicle.

Operation of your underspeed motor vehicle must be in accordance with ALL motor vehicle laws located within the Ohio Revised Code and the Village of Barnesville Codified Ordinance, including having a valid operator's license.
